Applicants should hold a PhD degree with a proven record in research and commitment to excellence in teaching. The selection and hiring processes are aimed to be realized as fast as possible.

Candidates having expertise among (but not limited to) the following areas are encouraged to apply:

- **Artificial Intelligence, Machine Learning**
- **Big Data and Data Analytics**
- **Information Security**
- **Robotics, Mechatronic, Automation**
- **Internet of Things**
- **Cloud Computing**
- **Motor Technology**
- **Energy Storage**
- **Micro-, Nano-, and Opto-Electronics**
- **Biotechnology**
- **Biomedical Instruments**
- **Wind Energy**
- **Solar Energy**
- **Modelling and Simulation**
- **Quantum Technology**

**Closing Date:** 1<sup>st</sup> December, 2020 or until the positions are filled.

Applicants should submit a CV, a publication list with Q ranks of the publications, a research plan and a teaching statement electronically to the department chair Prof. İlkyay Ulusoy ( [ilkay@metu.edu.tr](mailto:ilkay@metu.edu.tr) ).

METU, a state university founded in 1956, currently has about 27,000 students, 43 undergraduate programs within 5 faculties. Additionally, there are 5 Graduate Schools with 107 masters and 69 doctorate programs. Since its foundation, METU, as an international research university, has been the leading university in Turkey in terms of depth and breadth of international ties and the amount of funds generated from international research projects.
